

Project Name: **Lee Vista Chevron**
Developer/Client: **Chevron**
Project Location: **Orlando, Florida**
Project Value: **\$ 500,000**

Stillwater provided site planning and civil engineering services for this very strategically located facility. The site is located just north of the Orlando International Airport and bares no competition. The project included civil engineering and permitting, site planning, petroleum system design, and a full size Wendy's fast food eatery.
