

Project Name: **Americana Chevron**
Developer/Client: **Fahim Enterprises, Inc.**
Project Location: **Orange County, Florida**
Project Value: **\$ 300,000**

Stillwater provided site planning and civil engineering services for this independent marketer in the Orlando sub-market. The project included civil engineering and permitting, site planning, petroleum system design, off-site water main and sewer extension design and permitting, and a complex alternative drainage design due to high water tables in the area.
